

Paper Machine Oils

6140, 6190 MONOLEC® Paper Machine Lubricant Premium quality paper machine oil made from select paraffinic base oil. Specially formulated to provide excellent thermal oxidation stability and rust and corrosion protection for long oil life.

- For hot bearings in paper machine circulating oil systems
- Minimizes deposits caused by steam heat
- For hot bearings in paper machine circulating oil systems
- Excellent thermal and oxidation stability
- Rust and corrosion protection
- Long oil life
- Excellent detergency prevents carbon deposit build-up and system choking
- Minimizes oil system plugging and premature bearing failures
- Excellent filterability
- Contains MONOLEC®, LE's exclusive wear-reducing additive
