

Two-Cycle

8104 MONOLEC® Two-Cycle Engine Oil Special formulation for heavy-duty service in chain saws, lawn mowers, portable generators, outboard motors, and similar two-cycle applications.

- Mixes easily with all gasoline
- Suitable for premix and injection systems
- Faster starting and overall engine performance
- Engine runs smoother, cooler and more efficiently
- Less maintenance because friction and wear are greatly reduced
- Contains red dye to easily see when fuel has been treated
- Instantly disperses in fuel, even at low temperatures
- Burns cleanly and completely
- Minimizes heat and wear
- Contains MONOLEC®, LE's exclusive wear-reducing additive
