

Railroad Diesel

8900 ULTRA RDE OilFor heavy-duty, long-drain service in railroad diesel engines. Improves fuel efficiency, reduces wear and provides the highest degree of engine protection.

- Designed for heavy-duty, long-drain service in railroad diesel engines with silver alloy bearings
- Improved fuel efficiency
- Exceptional rust protection
- High detergency that keeps engines clean
- Increased engine life
- No foam build-up in service
- Bearing corrosion prevention
- Exceeds specifications for: EMD railroad engines, GE railroad diesel engines, Bombarider railroad diesel engine, Caterpillar diesel engines, Generation IV, API CDTechnical Information
