

Railroad Diesel

8900 ULTRA RDE OilFor heavy-duty, long-drain service in railroad diesel engines. Improves fuel efficiency, reduces wear and provides the highest degree of engine protection.

- Designed for heavy-duty, long-drain service in railroad diesel engines with silver alloy bearings
 - Improved fuel efficiency
 - Exceptional rust protection
 - High detergency that keeps engines clean
 - Increased engine life
 - No foam build-up in service
 - Bearing corrosion prevention
 - Exceeds specifications for: EMD railroad engines, GE railroad diesel engines, Bombarider railroad diesel engine, Caterpillar diesel engines, Generation IV, API CD
- Technical Information
