

Penetrating Oil

2059 MONOLEX® Penetrating Oil & Lubricant Acts rapidly to penetrate and dissolve most rust, gum, and varnish, freeing frozen parts. Leaves a tough film of lubricant and acts as a rust & corrosion preventative on metal surfaces.

- Outstanding light, penetrating oil and lubricant
- Water-displacing agent allows the lubricant to contact the metal surface directly, without trapping corrosion-forming moisture
- Fast acting and quick drying
- Reduces wear
- Minimizes breaking of bolts and stripping of threads
- Prevents rust and corrosion
- No need to disassemble parts to lubricate
- Contains no harsh caustics or acids
- Comes in convenient aerosol can containing no CFC's
- Mild parts cleaner
- Contains MONOLEC®, LE's exclusive wear-reducing additive

Technical Information

Product Information 4059 QUINPLEX® H1 Penetrating Oil & Lubricant USP grade base stock, meets requirements of USDA H1. Has excellent penetrating characteristics, while leaving a protective oil coating upon evaporation of H1 solvent.

- Aerosol food grade penetrating oil and lubricant
- Formulated from USP grade mineral oils and other H1 components
- Can be used in areas that require and oil suitable for incidental food contact
- Contains an antimicrobial agent to prevent the growth of microorganisms
- Friendly for in-house use
- Loosens corroded and frozen parts
- Protects metal surfaces from rust and corrosion
- Pleasant odor
- Safe for the environment
- NSF/USDA H1
- Contains QUINPLEX®, LE's exclusive additive that enhances lubricant performance
